Junior Great Books

A Lunch-time Junior Book Club

The Junior Great Books® program is a reading program that provides a superb framework for teaching reading comprehension, critical thinking, and writing, all in the context of students sharing their ideas about great literature.

With Junior Great Books® your child can develop essential literacy skills—reading carefully, thinking critically, listening intently, and speaking persuasively. By participating in Shared Inquiry™ discussion, Great Books students learn to read for meaning and to support their own interpretation of the text.
